Servers will dish the beans as you move through the line. Water bottles and juice boxes will also be provided.

BONUS: Celebrate with Kona Ice after eating your hotdogs! You may purchase Kona Ice from the food truck that will be at the picnic from 11:30-12:30. 😊

Green Meadows Entrance

A while back the entrance to Green Meadows was damaged by an unknown driver. We continue to evaluate options for repairs.

- What is the best solution for revising the entrance lighting?
 - Is solar lighting an option for illuminating the words “Green Meadows?”
 - Currently, there are 4 solar lights, 2 on each side, that illuminate the words.
 - How long should we illuminate the words, “Green Meadows?” The solar charged batteries in each light have a limited time that they can power the lights before they go dark each night.
 - What is the saving in electricity if solar is chosen?
 - The remaining post light on the east pillar does not have a companion pillar and lantern light across from it on the west side.
 - Individuals/contractors who can assist us are busy and are apparently choosing more lucrative work. Return calls requesting costs of the different options are not being returned.
 - Currently, it appears that rebuilding the east side brick post with accompanying lantern light will be expensive.
